# HALT MAL KURZ (Page II)

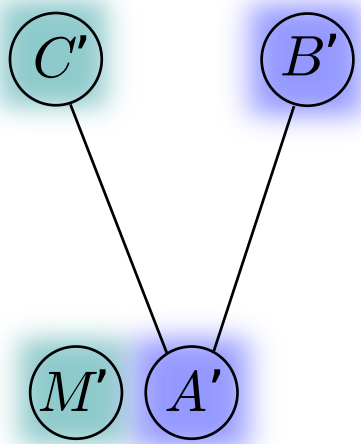

$J_1 \cong J_2$

$J_3 \cong J_4$

2 Jugglers will always undergo the same transition.

EX.: J1 and J2 will always be **feeder with left passes**, while J3 and J4 will be **feeder with right-handed passes**

| passes with | L | R | L | R | L |
|---|---|---|---|---|---|
| $J_1$ | A' | → C | → B' | → M | → A' |
| $J_2$ | B' | → M | → A' | → C | → B' |
| $J_3$ | C' | → B | → M' | → A | → C' |
| $J_4$ | M' | → A | → C' | → B | → M' |

Hands are mirrowed after every period. Left handed passes become left handed passes and vice versa. Mirrowed side is marked by (').

## WALK-ING PATH

## MANI-PULA-TION

$$M \mid C_A \mid \text{Zip} \mid S_C^A \mid - \mid S_B^A \mid \text{Zip} \mid - \mid I_B \mid - \mid \rightarrow M'$$
